Stan Temko - no legislation this year - though some people feel that it may be better to have legislation this year than wait. How much of a crap shoot is it to decide what to do.

- House/Senate - interaction
  - if an agreement can be achieved - could buy 5 yrs of legislative quietude -
  - no obvious substantive talking occurring between Houses.

3 - 22 May package submitted to Davis
- processing aides originally designated
- no indication that this will be required next year
- 5 additional ingred added to 31 Dec list -
these were identified as very minor constituents of formulae -
